*Thank
You*

Within the laboratory of science and the sanctuary of the soul, fertility treatments weave a narrative of miracles, proving that the extraordinary is born from the collaboration of the empirical and the ethereal.

We would like to extend our heartfelt gratitude to Dr Hrishikesh Pai President FOGSI and Dr Nandita Palshetkar President ISAR for your unwavering support. We are truly honored to have your support.

Thank you for being an integral part of this significant milestone of Launching Holistic IVF & IUI project along with BK Sister Shivani.

We humbly appeal to you to extend your support further by promoting this project among your patients. Encourage them to avail the benefits of our daily free online program.

The unique activity based journal is available for free download on www.divinegarbhsanskar.in.

Your ongoing support is pivotal in reaching more individuals and making a positive impact on their fertility journey. Together, we can contribute to the well-being of those seeking guidance and support in the area of ART.

Kind Regards
BK Dr Shubhada & Team

Workshop for pregnant women at Neel Hospital empowers expecting mothers

By Chandrashekhar Hendve
@seashekhar

In a bid to foster a healthier and happier pregnancy journey, the Neel Hospital School for Pregnant Women, in collaboration with the Divine Sanskar Research Foundation, recently hosted an empowering workshop. The event witnessed the participation of numerous expecting mothers eager to enhance their understanding of prenatal care.

Renowned Gynecologist and Fertility Specialist, Dr. Shubhada Neel, graced the occasion with her exper-

tise, offering invaluable guidance to the attending pregnant women. Dr. Neel emphasized the importance of incorporating daily exercises, pranayama, and meditation into their routines to ensure the well-being of both the expectant mother and the baby.

During the workshop, Dr. Neel provided insightful lessons aimed at transforming pregnant women into super moms, fostering the health and development of super babies. The event served as a platform for expectant mothers to learn es-

sential techniques and practices that contribute to a positive and fulfilling pregnancy experience.

Dr. Shubhada Neel expressed her sincere appeal for a higher participation rate in the free prenatal care camp, encouraging a maximum number of pregnant women to take advantage of the valuable resources offered. The workshop not only aimed to impart knowledge but also to create a supportive community for pregnant women, fostering a sense of camaraderie and shared experiences.
